

2021 EMBODIED INTELLIGENCE

INTERNATIONAL WORKSHOP

BIO-INSPIRED ROBOTICS LABORATORY, CAMBRIDGE

## PROGRAMME

**13:00 – 13:30**

Embodied Intelligence and the Future of Robotics

**13:30 – 14:00**

Robotic Applications

- Agricultural Robotics
- RobotPatient
- Bio-inspired Robotics

**14:00 – 14:15**

Ask the researchers

**14:15 – 15:00**

Tutorials:

Embodied Intelligence

**15:00**

Wrap-up

Join us on ZOOM:

Webinar ID: 850 5308 3209

Passcode: 742981

# FUTURE OF ROBOTICS

PUBLIC DISCUSSION WITHIN THE 2021 EMBODIED INTELLIGENCE WORKSHOP

**FRIDAY, 23 APRIL 2020, 1-3PM**

**What is intelligence?**

**Can a robot exist without a brain?**

**What will the robots of the future look like?**

We would like to invite you to a panel discussion and experiments where Robotics scientists from the UK universities will discuss the future of Robotics research and industry. You can also ask the scientists a question about what they think what the future of Robotics holds!

We hope that this will be an exciting event that is going to inspire a next generation of robotic engineers.

The event is free and aimed at secondary school children and their families.

**NO TIME TO LOSE – THE FUTURE IS ALREADY HERE**
